PHYCOLOGIA

Volume 9

1970

Published quarterly by
THE INTERNATIONAL PHYCOLOGICAL SOCIETY
Vancouver, British Columbia, Canada

PHYCOLOGIA

Published quarterly by the International Phycological Society

Editor

Robert F. Scagel, Department of Botany, University of British Columbia, Vancouver 8, British Columbia, Canada (1969–1971; first term)

Board of Associate Editors

Kathleen M. Cole, Department of Botany, University of British Columbia, Vancouver 8, British Columbia, Canada (1969–1971; first term)

Janet R. Stein, Department of Botany, University of British Columbia, Vancouver 8, British Columbia, Canada (1969–1971; first term)

E. Bruce Tregunna, Department of Botany, University of British Columbia, Vancouver 8, British Columbia, Canada (1969–1971; first term)

Business Manager

Louis D. Druehl, Department of Biological Sciences, Simon Fraser University, Burnaby 2, British Columbia, Canada

Board of Editorial Advisors

P. S. Dixon, Department of Population and Environmental Biology, University of California, Irvine, California 92664, U.S.A.

S. C. Ducker, Botany Department, University of Melbourne, Parkville, N. 2, Victoria, Australia.

J. Feldmann, Laboratoire de Biologie Végétale Marine, 7 Quai Saint-Bernard, Paris V, France.

V. Krishnamurthy, Marine Algal Research Station, M. S. Bungalow, Mandapam, Tamilnadu, India.

R. A. Lewin, Scripps Institution of Oceanography, University of California, La Jolla, California 92037, U.S.A.

J. W. G. Lund, Freshwater Biological Association, The Ferry House, Far Sawrey, Ambleside, Westmorland, England.

Y. Nakamura, Institute of Algological Research, Hokkaido University, Muroran, Hokkaido, Japan.

A. Sladeckova, Department of Water Technology, Trojanova 13, Praha 2, Czechoslovakia.

INTERNATIONAL PHYCOLOGICAL SOCIETY

Dedicated to the promotion of phycology and to the encouragement of international cooperation among phycologists and phycological institutes.

Officers for 1970

(with terms of membership in the Executive Council)

President: H. B. S. Womersley, Department of Botany, Adelaide University, South Australia (1969–1971; second term)

Secretary: R. E. Norris, Department of Botany, University of Washington, Seattle, Washington 98105, U.S.A. (1969–1971; first term)

Treasurer: Isabella A. Abbott, Hopkins Marine Station of Stanford University, Pacific Grove, California 93950, U.S.A. (1970–1972; second term)

Other Members of the Executive Council

P. Bourrelly, Muséum National d'Histoire, Laboratoire de Cryptogamie, 12 Rue de Buffon, Paris 5e, France (1968–1970; second term; President, 1968)

M. Chihara, National Science Museum, Ueno Park, Tokyo, Japan (1968–1970; first term)

B. Fott, Praha II, Benatska 2, Czechoslovakia (1970–72; first term)

H. Hirose, Department of Botany, Faculty of Science, Kobe University, Kobe, Japan (1970–72; second term)

J. W. G. Lund, Freshwater Biological Association, Windermere Laboratory, Ambleside, Westmorland, England (1968–1970; second term; President, 1967)

R. F. Scagel, Department of Botany, University of British Columbia, Vancouver 8, British Columbia, Canada (as Editor of *Phycologia*)

H. A. von Stosch, Botanisches Institut der Universität, Pilgrimstein 4, Marburg a.d. Lahn, Germany (1969–1971; second term; President, 1969)

TABLE OF CONTENTS AND INDEX FOR VOLUME 9

Number 1, p. 1–110, May 28, 1970
Number 2, p. 111–194, August 27, 1970
Numbers 3 and 4, p. 195–306, November 27, 1970

Abbott, I. A. *Yamadaella,* a new genus in the Nemaliales (Rhodophyta). 115

Antia, N. J., and Cheng, J. Y. The survival of axenic cultures of marine planktonic algae from prolonged exposure to darkness at 20 C. 179

Bailey, A., and Bisalputra, T. A preliminary account of the application of thin-sectioning, freeze-etching, and scanning electron microscopy to the study of coralline algae. 83

Bisalputra, T. (*see* Bailey and Bisalputra)

Blinn, D. W. The influence of sodium on the development of *Ctenocladus circinnatus* Borzi (Chlorophyceae). 49

Bourne, V. L., Conway, E., and Cole, K. On the ultrastructure of pit connections in the conchocelis phase of the red alga *Porphyra perforata.* 79

Burrows, E. M. (*see* Chapman and Burrows)

Brown, D. L., and Weier, T. E. Ultrastructure of the freshwater alga *Batrachospermum.* I. Thin-section and freeze-etch analysis of juvenile and photosynthetic filament vegetative cells. 217

Brown, R. M., Jr. (*see* Thomas and Brown)

Burr, F. A., and West, J. A. Light and electron microscope observations on the vegetative and reproductive structures of *Bryopsis hypnoides.* 17

Carpenter, E. J. Diatoms attached to floating *Sargassum* in the western Sargasso Sea. 269

Chandler, M. T., and Vidaver, W. E. Photosynthetic oxygen induction transients in the alga *Ulva lactuca* L. 133

Cheng, J. Y. (*see* Antia and Cheng)

Chapman, A. R. O. *Desmarestia tortuosa* sp. nov. from British Columbia: its bearing on subgeneric distinctions in the genus. 249

Chapman, A. R. O., and Burrows, E. M. Experimental investigations into the controlling effects of light conditions on the development and growth of *Desmarestia aculeata* (L.) Lamour 103

Cole, K. Ultrastructural characteristics in some species in the order Scytosiphonales. 275

Cole, K. (*see also* Bourne, Conway, and Cole)

Conway, E. (*see* Bourne, Conway, and Cole)

Cordeiro-Marino, M. (*see* de Oliveira Filho)

Dale, B. (*see* Wall, Guillard, Dale, Swift, and Watabe)

Druehl, L. D. The pattern of Laminariales distribution in the northeast Pacific. 237

Edelstein, T. The life history of *Gloiosiphonia capillaris* (Hudson) Carmichael. 55

Edelstein, T., Wynne, M. J., and McLachlan, J. *Melanosiphon intestinalis* (Saund.) Wynne, a new record for the Atlantic. 5

Edwards, P. (*see* Wynne and Edwards)

Eiseman, N. J. The green alga *Chalmasia antillana* from the Florida Keys. 45

Gerrath, J. F. Ultrastructure of the connecting strands in *Cosmocladium saxonicum* de Bary (Desmidiaceae) and a discussion of the taxonomy of the genus. 209

Guillard, R. R. L. (*see* Wall, Guillard, Dale, Swift, and Watabe)

Hill, H. A new form of *Raphidiopsis mediterranea* Skuja found in Minnesota lakes. 73

Hollenberg, G. J. Phycologial notes IV, including new marine algae and new records for California. 61

Hollenberg, G. J., and Wynne, M. J. Sexual plants of *Amplisiphonia pacifica* (Rhodophyta). 175

Jolliffe, E. A. (Thomas), and Tregunna, E. B. Studies on HCO_3^- ion uptake during photosynthesis in benthic marine algae. 293

McLachlan, J. (*see* Edelstein, Wynne, and McLachlan)

Lewin, J., and Norris, R. E. Surf-zone diatoms of the coasts of Washington and New Zealand (*Chaetoceros armatum* T. West and *Asterionella* spp.). 143

Loeblich, A. R., Jr. *Dicommopalla,* a new acritarch genus from the Dillsboro Formation (Upper Ordovician) of Indiana, U.S.A. 39

Loeblich, A. R., Jr., and Tappan, H. Annotated index and bibliography of the calcareous nannoplankton V. 157

Loeblich, A. R., Jr., and Loeblich, A. R., III. Index to genera, subgenera, and sections of the Pyrrhophyta. 199

Loeblich, A. R., III. (*see* Loeblich and Loeblich)

Loiseaux, S. *Streblonema anomalum* S. et G. and *Compsonema sporangiiferum* S. et G., stages in the life history of a minute *Scytosiphon.* 185

Marbach, I., and Mayer, A. M. Direction of phototaxis in *Chlamydomonas reinhardii* and its relation to cell metabolism. 255

Mayer, A. M. (*see* Marbach and Mayer)

Norris, R. E. (*see* Lewin and Norris)

de Oliveira Filho, E. C., and Cordeiro-Marino, M. On the identity of *Lophosiphonia bermudensis* Collins and Hervey and *Dipterosiphonia rigens* (Schousboe) Falkenberg. 1

Srivastava, B. S. A simple method of isolating ultraviolet resistant and sensitive strains of a blue-green alga. 205

Stewart, W. D. P. Nitrogen fixation by blue-green algae in Yellowstone thermal areas. 261

Swift, E. (*see* Wall, Guillard, Dale, Swift, and Watabe)

Tappan, H. (*see* Loeblich and Tappan)

Thomas, D. L., and Brown, R. M., Jr. Isoenzyme analysis and morphological variation of thirty-two isolates of *Protosiphon.* 285

Tregunna, E. B. (*see* Jolliffe and Tregunna)

Trainor, F. R. Survival of algae in a desiccated soil. 111

Vidaver, W. E. (*see* Chandler and Vidaver)

Wall, D., Guillard, R. R. L., Dale, B., Swift, E., and Watabe, N. Calcitic resting cysts in *Peridinium trochoideum* (Stein) Lemmermann, an autotrophic marine dinoflagellate. 151

Watabe, N. (*see* Wall, Guillard, Dale, Swift, and Watabe)

Weier, T. E. (*see* Brown and Weier)

West, J. A. (*see* Burr and West)

Whitford, L. A. *Eirmodesmus phaeotilus* gen. et sp. nov. (Chrysophyceae) 195

Wynne, M. J., and Edwards, P. *Polysiphonia boldii* sp. nov. from Texas.

Wynne, M. J. (*see* Edelstein, Wynne, and McLachlan; *see also* Hollenberg and Wynne)

Yamaguishi-Tomita, N. *Bolbocoleon jolyi,* a new species of Chaetophoraceae (Chlorophyceae) from Redonda Island, Abrolhos, eastern Brazil. 125
